- Plan to claim the N.C. Child Deduction Amount (but no other N.C. deductions)
- Do not plan to claim N.C. tax credits
- Qualify to claim exempt status (See Lines 3 or 4 below)

Important. If you plan to claim N.C. itemized deductions or plan to claim other N.C. deductions (other than the N.C. Child Deduction Amount), you must complete Form NC-4. If you are a nonresident alien, you must complete Form NC-4 NRA. In general, a nonresident alien is an alien (not a U.S. citizen) who has not passed the green card test or the substantial presence test. (See Publication 519, U.S. Tax Guide for Aliens, for more information on the green card test and the substantial presence test.)

If you plan to claim the N.C. Child Deduction Amount, use the table below for your filing status, amount of income, and number of children under age 17 to determine the number of allowances to enter on Line 1. For married taxpayers, only one spouse may claim the allowance for the N.C. Child Deduction Amount for each child.

1. Total number of allowances you are claiming (Enter zero (0), or the number of allowances from the table above)
2. Additional amount, if any, you want withheld from each pay period (Enter whole dollars)

3. I certify that I am exempt from North Carolina withholding because I meet both of the following conditions:

- Last year I was entitled to a refund of all State income tax withheld because I had no tax liability; and

4. Icertify that I am exempt from North Carolina withholding because I meet the requirements set forth in the Servicemembers Civil Relief Act, as amended by the Military Spouses Residency Relief Act and Veterans Benefits and Transition Act.

Check Here (See Form D-401, North Carolina Individual Income Tax Instructions, for more information.)

5. I certify that I no longer meet the requirements for an exemption on Line $3 \square$ or Line $4 \square$ (Check applicable box)

Therefore, I revoke my exemption and request that my employer withhold North Carolina income tax based on the number of allowances entered on Line 1 and any additional amount entered on Line 2.

CAUTION: If you furnish an employer with an Employee's Withholding Allowance Certificate that contains information which has no reasonable basis and results in a lesser amount of tax being withheld than would have been withheld had you furnished reasonable information, you are subject to a penalty of $50 \%$ of the amount not properly withheld.

## Step 2: Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse <br> Multiple Jobs or Spouse also works. The correct amount of withholding depends on income earned from all of these jobs. <br> Do only one of the following.

 Works(a) Reserved for future use.
(b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below; or
(c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is generally more accurate than (b) if pay at the lower paying job is more than half of the pay at the higher paying job. Otherwise, (b) is more accurate

TIP: If you have self-employment income, see page 2.
Complete Steps 3-4(b) on Form W-4 for only ONE of these jobs. Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3-4(b) on the Form W-4 for the highest paying job.)

Section references are to the Internal Revenue Code.

## Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

## Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.
Exemption from withholding. You may claim exemption from withholding for 2023 if you meet both of the following conditions: you had no federal income tax liability in 2022 and you expect to have no federal income tax liability in 2023. You had no federal income tax liability in 2022 if (1) your total tax on line 24 on your 2022 Form 1040 or 1040 -SR is zero (or less than the sum of lines 27,28 , and 29), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2023 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2024.
Your privacy. If you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c).
Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay income and self-employment taxes through withholding from your wages, you should enter the self-employment income on Step 4(a). Then compute your self-employment tax, divide that tax by the number of pay periods remaining in the year, and include that resulting amount per pay period on Step 4(c). You can also add half of the annual amount of self-employment tax to Step 4(b) as a deduction. To calculate self-employment tax, you generally multiply the self-employment income by $14.13 \%$ (this rate is a quick way to figure your selfemployment tax and equals the sum of the $12.4 \%$ social security tax and the 2.9\% Medicare tax multiplied by 0.9235 ). See Pub. 505 for more information, especially if the sum of self-employment income multiplied by 0.9235 and wages exceeds $\$ 160,200$ for a given individual.
Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

## Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.
Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

If you (and your spouse) have a total of only two jobs, you may check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form $W$-4 for the highest paying job.
Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include other tax credits for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

## Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2023 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay each pay period, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on only ONE Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.
Note: If more than one job has annual wages of more than $\$ 120,000$ or there are more than three jobs, see Pub. 505 for additional tables.

1 Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1 . Then, skip to line 3

1 \$
2 Three jobs. If you and/or your spouse have three jobs at the same time, complete lines $2 \mathrm{a}, 2 \mathrm{~b}$, and 2c below. Otherwise, skip to line 3.
a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2 a

## 2a \$

b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b

2b \$
c Add the amounts from lines $2 a$ and $2 b$ and enter the result on line $2 c$

4 \$

## Step 4(b)-Deductions Worksheet (Keep for your records.)

1 Enter an estimate of your 2023 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to $\$ 10,000$ ), and medical expenses in excess of $7.5 \%$ of your income

3 If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1 , enter "-0-"

4 Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information
